How to set Desktop Wallpaper

For Windows 95 or Higher

1. Determine which size is appropriate for your monitor.
2. Click the size you wish to download. The wallpaper will appear in a new window.
3. Right-click the image, then choose SET AS WALLPAPER or SET AS BACKGROUND.

For Mac OS X

1. Determine which image size is appropriate for your monitor.
2. Click the size you wish to download. The wallpaper will appear in a new window.
3. Drag the image onto your desktop.
4. From the Apple menu select SYSTEM PREFERENCES.
5. Select DESKTOP.
6. In the pull-down menu marked "Collection," select CHOOSE FOLDER.
7. Locate desired image file and double-click it.
